professional services across accounting, taxation, audit, payroll, human resources, corporate law, IT services and management consulting. The group supports overseas business expan
organizations strengthen their operations and management systems. For more information, please visit: https://www.tokyoconsultinggroup.com/

Job Description – Executive / Senior Executive
Location-New Delhi (Work from Office)
Department- Corporate Management Division – COO & CFO Office
Experience- 1–4 years
Working Hours- 9:00 AM – 5:30 PM, including a 30-minute break
Working Days- Monday to Friday, plus Saturdays except the 2nd and 3rd Saturdays of each month

Job Purpose
This role covers the management side of a COO and CFO in a growing venture, including monitoring business performance and building the systems and processes needed to scale ope
candidate will work directly with senior management, with responsibilities and scope expanding based on performance.

Key Responsibilities

1. **Operations Management (COO Area)**

Manage the progress, deadlines and man-hours of client engagements, and identify and address delays or issues early.
Map workflows, reduce waste and minimize processes that depend on specific individuals.
Create and maintain SOPs, internal rules, checklists and management sheets.
Introduce and manage work-management systems and IT tools, ensuring their integration into day-to-day operations.

2. **Corporate and Financial Management (CFO Area)**

Prepare budgets, track budget versus actuals and monitor key performance indicators (KPIs).
Prepare monthly management reports and develop proposals for senior management.
Manage billing, collections, payments and cash flow.
Maintain contracts, internal regulations and management registers.

Key Skills and Competencies

- Strong numerical and analytical skills, with advanced Excel knowledge including lookups, pivot tables, trackers and reports.
- Ability to convert unstructured work into clear processes, SOPs and tracking systems.
- Ownership mindset and ability to drive improvements proactively.
- Clear written and spoken English, with the ability to collaborate across teams.
- High integrity and discretion when handling internal figures and confidential information.
- Strong process management, reporting, coordination and problem-solving skills.

What are we looking for in a candidate:

- Educational Qualification and Relevant Experience
- Experience: 1–4 years in one or more of the following areas:
- Internal audit, internal financial controls (IFC), process reviews or risk advisory.
- Founder's Office, Chief of Staff or business operations in a start-up or growing company.
- Financial Planning & Analysis (FP&A), MIS or business finance.
- Process excellence or transformation in a shared service centre or Global Capability Centre (GCC).
- Project Management Office (PMO) or project control.
- Good to Have
- CA (Inter / qualified), CMA or MBA in Finance / Operations.
- Experience with accounting software such as Zoho Books or Tally, or workflow / business intelligence tools.
- Lean Six Sigma or similar process-improvement training.
- Hindi language skills. Japanese language proficiency is not required.

Candidate Expectations

Ability to work independently, take ownership and follow through on deliverables:
Comfort working with numbers, management reports, deadlines and operational metrics:
Ability to identify process gaps and implement practical improvements:
Willingness to work from the New Delhi office and collaborate directly with senior management.

Application Requirement:

Along with your updated CV, please share a short note (up to 200 words) describing one process or system you built or improved and the outcome achieved:

Kindly review the above details and confirm your interest by acknowledging this email.

Please also share your updated CV
Confirm your current CTC
Expected CTC:
Notice period:
Current location:

Thank you for your time and consideration.

To: Bhattacharjee, Bagmideva <bagmideva.b@in.experis.com>

Dear Bagmideva,

Thank you for sharing the detailed job description and information about Tokyo Consulting Firm.

I am very interested in this opportunity for the Executive / Senior Executive – Corporate Management Division (COO & CFO Office) position, and I confirm my interest in proceeding.

Please find my responses to your requested details below:

- Updated CV: Attached / available upon request
- Current CTC: 591,000
- Expected CTC: As per industry standards / negotiable
- Notice period: 4 December 2026 (Last working day)
- Current location: New Delhi

Short note (Process / System Improvement): One of the key process improvements I worked on involved identifying gaps in a manual reporting and data-validation process that was leading to repeated follow-ups, inconsistencies, and delays. I reviewed the existing workflow, identified gaps in the SOP, and defined clearer steps for data collection, validation, review, and reporting. To standardize the process, I introduced structured trackers, validation checks, and automated reporting templates using Excel. I also coordinated with team members to ensure timely submission of inputs, clarified responsibilities, followed up on pending items, and managed exceptions to keep the process on track. As a result, reporting errors were reduced by 30%, manual reporting effort was reduced by more than 10 hours per month, and the overall reporting process became more consistent, transparent, and easier to monitor. The experience also strengthened my ability to take ownership of process improvements and coordinate across teams. I identified remaining SOP gaps and recommended practical changes to improve consistency, accountability, and turnaround time.

Looking forward to discussing how my experience aligns with the team.
